FPT Software Computer Talents Club (FCT Club)

LEARNING TRANSCRIPT

Learning Progress Record as of October 2026

This transcript provides a record of the student's learning progress and courses completed at FCT Club, as detailed below:

1. Student Information

Name: **DAO DUY BACH**

Year of Birth: 2009

City/Province: Hanoi, Vietnam

Student ID: FCT0505

2. Learning Duration

Learning Duration by Academic Year and Term:

Academic Year	Term 1	Term 2	Term 3	Term 4	Total Weeks (Maximum: 32)
2024 - 2025	8	8	8	8	32
2025 - 2026	8	8	8	8	32
2026 - 2027	5				5
Total					**69 / 96 weeks**

Notes: Students may participate in the Club for up to three academic years. Each academic year consists of four terms, and each term lasts eight weeks. During the academic year, students engage in online learning, discussions, and guided practice with their assigned mentors. The academic year runs from September to May.

3. Completed Courses

Completed Course List:

#	Course Name	Institution/ Author	Platform	Type
1	Introduction to Computer Science and Programming Using Python	MITx	edX.org	MOOC Course
2	Machine Learning Crash Course	Google Developers	developers.google.com	Online Course

Notes: Courses are selected by students in consultation with their mentors and must comply with Club policy. A course may fall into one of the following categories:

- *MOOC courses offered on established platforms such as Coursera and edX*
- *Online courses offered on other platforms or websites*
- *Personal programming projects, such as applications or games*
- *Programming competition preparation*
- *IT books and other approved learning materials*

A course is marked as completed after verification by the student's mentor through an online assessment.
